SEA Wire and Cable, Inc Announces Shipboard Cable Products from RSCC

Madison/Huntsville, Alabama based SEA Wire and Cable, Inc has launched a new shipboard product partnership with RSCC shipboard cable. SEA will now support M24643, M24640, M17, and zero halogen products. SEA will offer many types of cable constructions including irradiation cross-linked crosslink and coaxes used for low smoke and radio frequency applications.

SEA Wire and Cable, Inc provides an extensive range of QPL products to the Aerospace and Military marketplace. "As a RSCC master distributor and partner, we can now offer our customer base another option in sourcing their low smoke shipboard cable," said Marty Clark, SEA Wire and Cable General Manager.

SEA Wire and Cable, Inc

SEA Wire and Cable, Inc SEA is a leading supplier of wire, cable, tubing, termination sleeves, cable ties, EMI/RFI backshells, connectors and other cable assemblies for the aerospace and military markets. The company is headquartered in Madison, Al with offices worldwide.
